Educational Classes For:

- O.A Hip / Knee (hosted by Osk Jenkins, PT. The Arthritis Society)
- Back
- Neck
- Shoulder

The HHHS physiotherapy department is offering educational classes for your clients who are living with common chronic orthopaedic conditions. The purpose of these classes is to help your client understand the basic anatomy and causes of their pain. They will learn strategies for pain management and, improvement / maintenance of function. The goal is to empower your client with the knowledge needed to confidently move forward in self-management of their condition.

Your client will be called and notified of the next available class.
